

The American Journal of CLINICAL NUTRITION

Official Journal of The American Society
for Clinical Nutrition, Inc

DECEMBER 1995 • VOLUME 62 • NUMBER 6

ISSN 0002-9165

ORIGINAL RESEARCH COMMUNICATIONS

- | | | | |
|-------------------------------------|---|------------------------------|---|
| Obesity and eating disorders | Efficacies of dexfenfluramine and fluoxetine in preventing weight gain after smoking cessation.
<i>B Spring, J Wurtman, R Wurtman, et al</i> 1181 | | |
| Lactation and infant feeding | Effect of calcium supplements and stage of lactation on the calcium absorption efficiency of lactating women accustomed to low calcium intakes.
<i>S Fairweather-Tait, A Prentice, KG Heumann, et al</i> 1188 | Fiber | Calcium bioavailability from a calcium- and sulfate-rich mineral water, compared with milk, in young adult women.
<i>F Couzy, P Kastenmayer, M Vigo, et al</i> 1239 |
| Lipids and fatty acids | Differential incorporation of fish-oil eicosapentaenoate and docosahexaenoate into lipids of lipoprotein fractions as related to their glyceryl esterification: a short-term (postprandial) and long-term study in healthy humans.
<i>H Sadou, CL Léger, B Descomps, et al</i> 1193 | | Oat β -glucan increases bile acid excretion and a fiber-rich barley fraction increases cholesterol excretion in ileostomy subjects.
<i>Å Lia, G Hallmans, A-S Sandberg, et al</i> 1245 |
| | Effect of variations in oral fat and carbohydrate load on postprandial lipemia.
<i>J Jeppesen, Y-DI Chen, M-Y Zhou, et al</i> 1201 | | Alteration of the fiber and lipid components of a defined-formula diet: effects on stool characteristics, nutrient digestibility, mineral balance, and energy metabolism in humans.
<i>GD Sunvold, EC Titgemeyer, LD Bourquin, et al</i> 1252 |
| Proteins and amino acids | Erythrocyte L-aspartyl-L-phenylalanine hydrolase activity and plasma phenylalanine and aspartate concentrations in children consuming diets high in aspartame.
<i>LD Stegink, SD Lindgren, MC Brummel, et al</i> 1206 | Nutrition and disease | Effect of green lentils on colonic function, nitrogen balance, and serum lipids in healthy human subjects.
<i>AM Stephen, WJ Dahl, GM Sieber, et al</i> 1261 |
| Carbohydrates | Honey may have a laxative effect on normal subjects because of incomplete fructose absorption.
<i>SD Ladas, DN Haritos, and SA Raptis</i> 1212 | | Fatty acid pool size in plasma lipoprotein fractions of cystic fibrosis patients.
<i>MT Clandinin, P Zuberbuhler, NE Brown, et al</i> 1268 |
| Vitamins | Effect of different vitamin A intakes on very-low-birth-weight infants.
<i>WWK Koo, S Krug-Wisppe, P Succop, et al</i> 1216 | | Absorption of dietary quercetin glycosides and quercetin in healthy ileostomy volunteers.
<i>PCH Hollman, JHM de Vries, SD van Leeuwen, et al</i> 1276 |
| | Antioxidant status in long-term adherents to a strict uncooked vegan diet.
<i>A-L Rauma, R Törrönen, O Hänninen, et al</i> 1221 | | Long-chain polyunsaturated fatty acids in children with severe protein-energy malnutrition with and without human immunodeficiency virus-1 infection.
<i>T Decsi, D Zaknun, J Zaknun, et al</i> 1283 |
| | Influence of combined antioxidant nutrient intakes on their plasma concentrations in an elderly population.
<i>PF Jacques, AD Halpner, and JB Blumberg</i> 1228 | | Letter to the Editor 1289 |
| Minerals | Effect of milk and fermented milk on iron absorption in ileostomy subjects.
<i>P Tidehag, A-S Sandberg, G Hallmans, et al</i> 1234 | | Book Reviews 1291 |
| | | | Books Received 1295 |
| | | | From the Technical Editors 1296 |
| | | | Subject Index vi |
| | | | Author Index xix |

SUPPLEMENT

Antioxidant vitamins and β -carotene in disease prevention (bound separately)
