

The American Journal of
CLINICAL NUTRITION

VOLUME 24 NUMBER 4 APRIL 1971

CONTENTS

guest editorial

383 What's new about scurvy? *R. E. Hodges*

letters to the editor

385 Creatinine-height index. *J. Mendez and E. R. Buskirk*

386 Reply to Drs. Mendez and Buskirk. *F. E. Viteri, J. Alvarado and G. A. O. Alleyne*

brief communications

388 Effect of alpha-tocopherol administration on red cell survival in vitamin E-deficient human subjects. *P. J. Leonard and M. S. Losowsky*

394 Blood glucose and alcohol levels after administration of wine to human subjects. *H. R. Murdock, Jr.*

397 Variation in the fatty acid distribution of filled milk beverages. *R. A. Horvath, W. H. Brown and J. W. Stull*

401 Evidence in man for different specialized intestinal transport mechanisms for riboflavin and thiamin. *G. Levy and R. R. Hewitt*

405 Protein deprivation: comparative response of hair roots, serum protein, and urinary nitrogen. *R. B. Bradfield*

original communications

411 Small intestinal disaccharidase activities in experimental iron and protein deficiency. *A. Sriratanaban and W. R. Thayer, Jr.*

416 Dietary protein quality in infants and children. IV. A corn-soy-milk blend. *G. G. Graham, E. Morales, G. Acevedo, R. P. Placko and A. Cordano*

423 Adequate phenylalanine intake for optimum growth and development in the treatment of phenylketonuria. *B. A. Smith and H. A. Waisman*

432 Clinical manifestations of ascorbic acid deficiency in man. *R. E. Hodges, J. Hood, J. E. Canham, H. E. Sauberlich and E. M. Baker*

444 Metabolism of ¹⁴C- and ³H-labeled L-ascorbic acid in human scurvy. *E. M. Baker, R. E. Hodges, J. Hood, H. E. Sauberlich, S. C. March and J. E. Canham*

455 Some behavioral effects of ascorbic acid deficiency. *R. A. Kinsman and J. Hood*

465 Meal frequency and weight reduction of young women. *B. Finkelstein and B. A. Fryer*

(continued on inside cover)

(continued from back cover)

469 Total liver storage iron in normal populations of the USA. *P. Sturgeon and A. Shoden*

475 Proteinuria and mild glucose intolerance. *E. Kessler, Y. Jung, R. C. Khurana, D. G. Corredor and T. S. Danowski*

perspectives in nutrition

480 Nutrition and mortality in infancy and early childhood: past and present relationships. *W. R. Aykroyd*

comments in biochemistry

488 Mannose metabolism. *I. R. H. Herman*

PHS publications

499 Height and weight of children.

500 **nutrition news**

501 Program, Eleventh Annual Meeting, ASCN.
