

The American Journal of
CLINICAL NUTRITION

VOLUME 25 NUMBER 8 AUGUST 1972

CONTENTS

guest editorial

- 737 Alaskan Artic Eskimo: responses to a customary high fat diet. *K.-J. Ho, B. Mikkelsen, L. A. Lewis, S. A. Feldman and C. B. Taylor*

original communications

- 746 Dissociation of the obesity-hyperinsulinism relationship following dietary restriction and hyperalimentation. *E. J. Drenick, A. S. Brickman and E. M. Gold*
- 756 Application of the erythrocyte glutathione reductase assay in evaluating riboflavin nutritional status in a high school student population. *H. E. Sauberlich, J. H. Judd, G. E. Nichoalds, H. P. Broquist and W. J. Darby.*
- 763 Effect of oral lactobacillus feedings on fecal lactobacillus counts. *D. Paul and L. C. Hoskins*
- 766 Malnutrition and mental development. *F. Mönckeberg, S. Tisler, S. Toro, V. Gattás and L. Vega*

comments in biochemistry

- 773 Supply and utilization of acetate in mammals. *F. J. Ballard*

methods in nutrition

- 780 Analysis of sterols: application to sterol balance studies. *M. T. R. Subbiah*

international nutrition

- 789 Food taboos among the Orang Asli in West Malaysia: a potential nutritional hazard. *J. M. Bolton*
- 800 Hypovitaminosis A in the sugarcane zone of southern Pernambuco State, Northeast Brazil. *R. M. Varela, S. G. Teixeira and M. Batista*
- 805 **Nutrition news**

(continued on inside cover)

(continued from back cover)

symposium

Nutrition and aging. Guest editor *D. M. Watkin*

part I

- 809 Introduction. *D. M. Watkin*
- 812 Maternal undernutrition and its long-term effects on the offspring. *L. M. Roeder and B. F. Chow*
- 822 Development, aging, and life duration: effects of nutrient restriction. *A. J. Kahn*
- 829 Nutrition, aging, and genetic program. *C. H. Barrows, Jr.*
- 834 Length of life and caloric intake. *M. H. Ross*
- 839 Free radical theory of aging: dietary implications. *D. Harman*
- 844 Metabolism and aging of the villus epithelial cell in tropical sprue. *J. J. Vitale, H. Velez M. and E. E. Hellerstein*
- 853 Physiological aspects of aging: relationship to nutrition. *A. N. Exton-Smith*
