

Supplement to
The American Journal of
CLINICAL NUTRITION

VOLUME 62 NUMBER 1(S) JULY 1995

**Workshop on the Evaluation of the
Nutritional and Health Aspects of Sugars**

viiS Preface. *FM Clydesdale*

Introduction

161S Perspective on the 1986 Food and Drug Administration assessment of the safety of carbohydrate sweeteners: uniform definitions and recommendations for future assessments.

WH Glinsmann and YK Park

Food uses and consumption patterns

170S Functionality of sugars: physicochemical interactions in foods. *EA Davis*

178S Consumption of sugars. *M Gibney, M Sigman-Grant, JL Stanton Jr, and DR Keast*

195S Sugars, sweetness, and food intake. *GH Anderson*

Physiologic effects

203S Digestion and metabolism of sugars. *DAT Southgate*

212S Sugars and blood glucose control. *TMS Wolever and J Brand Miller*

228S Metabolism of sugars and physical performance. *WM Sherman*

242S Effect of sugar on behavior and mental performance. *JW White and M Wolraich*

250S Dietary sugars and lipid metabolism in humans. *KN Frayn and SM Kingman*

264S Sugar and body weight regulation. *JO Hill and AM Prentice*

275S Nutritional role of sugars in oral health. *KG König and JM Navia*

284S Influence of dietary sucrose on biological aging. *RB McDonald*

Summary

294S Summary. *B Schneeman*
